MIRROR PHOTO BOOTH

BIRDHOUSE

EVENT ENTERTAINMENT

HOW IT WORKS

Our touch screen mirror photo booth is the life of the party! It has the appearance of a mirror but performs like a photo booth. With an elegant look, incredible image quality produced by our professional DSLR Camera and completely unique levels of interaction. Our Mirror booth has reinvented the traditional photo booth.

You can add your own logo to the screen as well as custom animations, photos, GIF's and video. Your guests also have the opportunity to sign their creation right on the mirror and receive an instant print out copy.

Dont worry, our photo booth attendant will always be on hand to help you and your guests use the booth to it's full potential.
